Prof. & Nodal officer ICAR  
SKUAST-Jammu

The Vice Chancellor

Central Sanskrit University

**Subject:** Invitation for Participation in National Conference entitled  
"Integrating Indian Knowledge Systems with Modern Science for  
Viksit Bharat"

Warm greetings from Sher-e-Kashmir University of Agricultural Sciences and Technology of Jammu. I am pleased to inform you that Sher-e-Kashmir University of Agricultural Sciences and Technology of Jammu, in collaboration with Vigyan Parishad Jammu & Kashmir (VIBHA), is organizing a National Conference on "Integrating Indian Knowledge Systems with Modern Science for Viksit Bharat", scheduled to be held from 15th to 17th April 2026 at SKUAST-Jammu. Indian Knowledge Systems (IKS) represent the rich intellectual, cultural, scientific and philosophical heritage of India, encompassing diverse fields such as agriculture, health, ecology, mathematics, astronomy, architecture, linguistics and social systems. In the present context, the integration of these time-tested indigenous knowledge traditions with modern scientific approaches holds immense potential for addressing contemporary challenges and contributing meaningfully to the vision of Viksit Bharat. In this regard, we request the collaboration of your esteemed institution for this national academic endeavour.

We would be highly honoured if faculty members, researchers, scholars and students from your esteemed institution could actively participate in the conference through paper presentations, panel discussions and scholarly interactions. Such participation will not only enrich the academic deliberations but will also foster inter-university cooperation and intellectual exchange in the domain of Indian Knowledge Systems.

We look forward to enthusiastic participation from your esteemed institution and hope that this collaborative effort will contribute significantly to the promotion, documentation and scientific integration of India's traditional knowledge systems.

We shall be grateful for your kind support and encouragement in disseminating this information among the faculty and students of your university.

With warm regards and best wishes,

Yours sincerely,

Dr. Vinod Gupta  
Prof and Head  
Division of Agricultural Extension Education  
SKUAST-Jammu
